Focus on STEM learning and college/career awareness

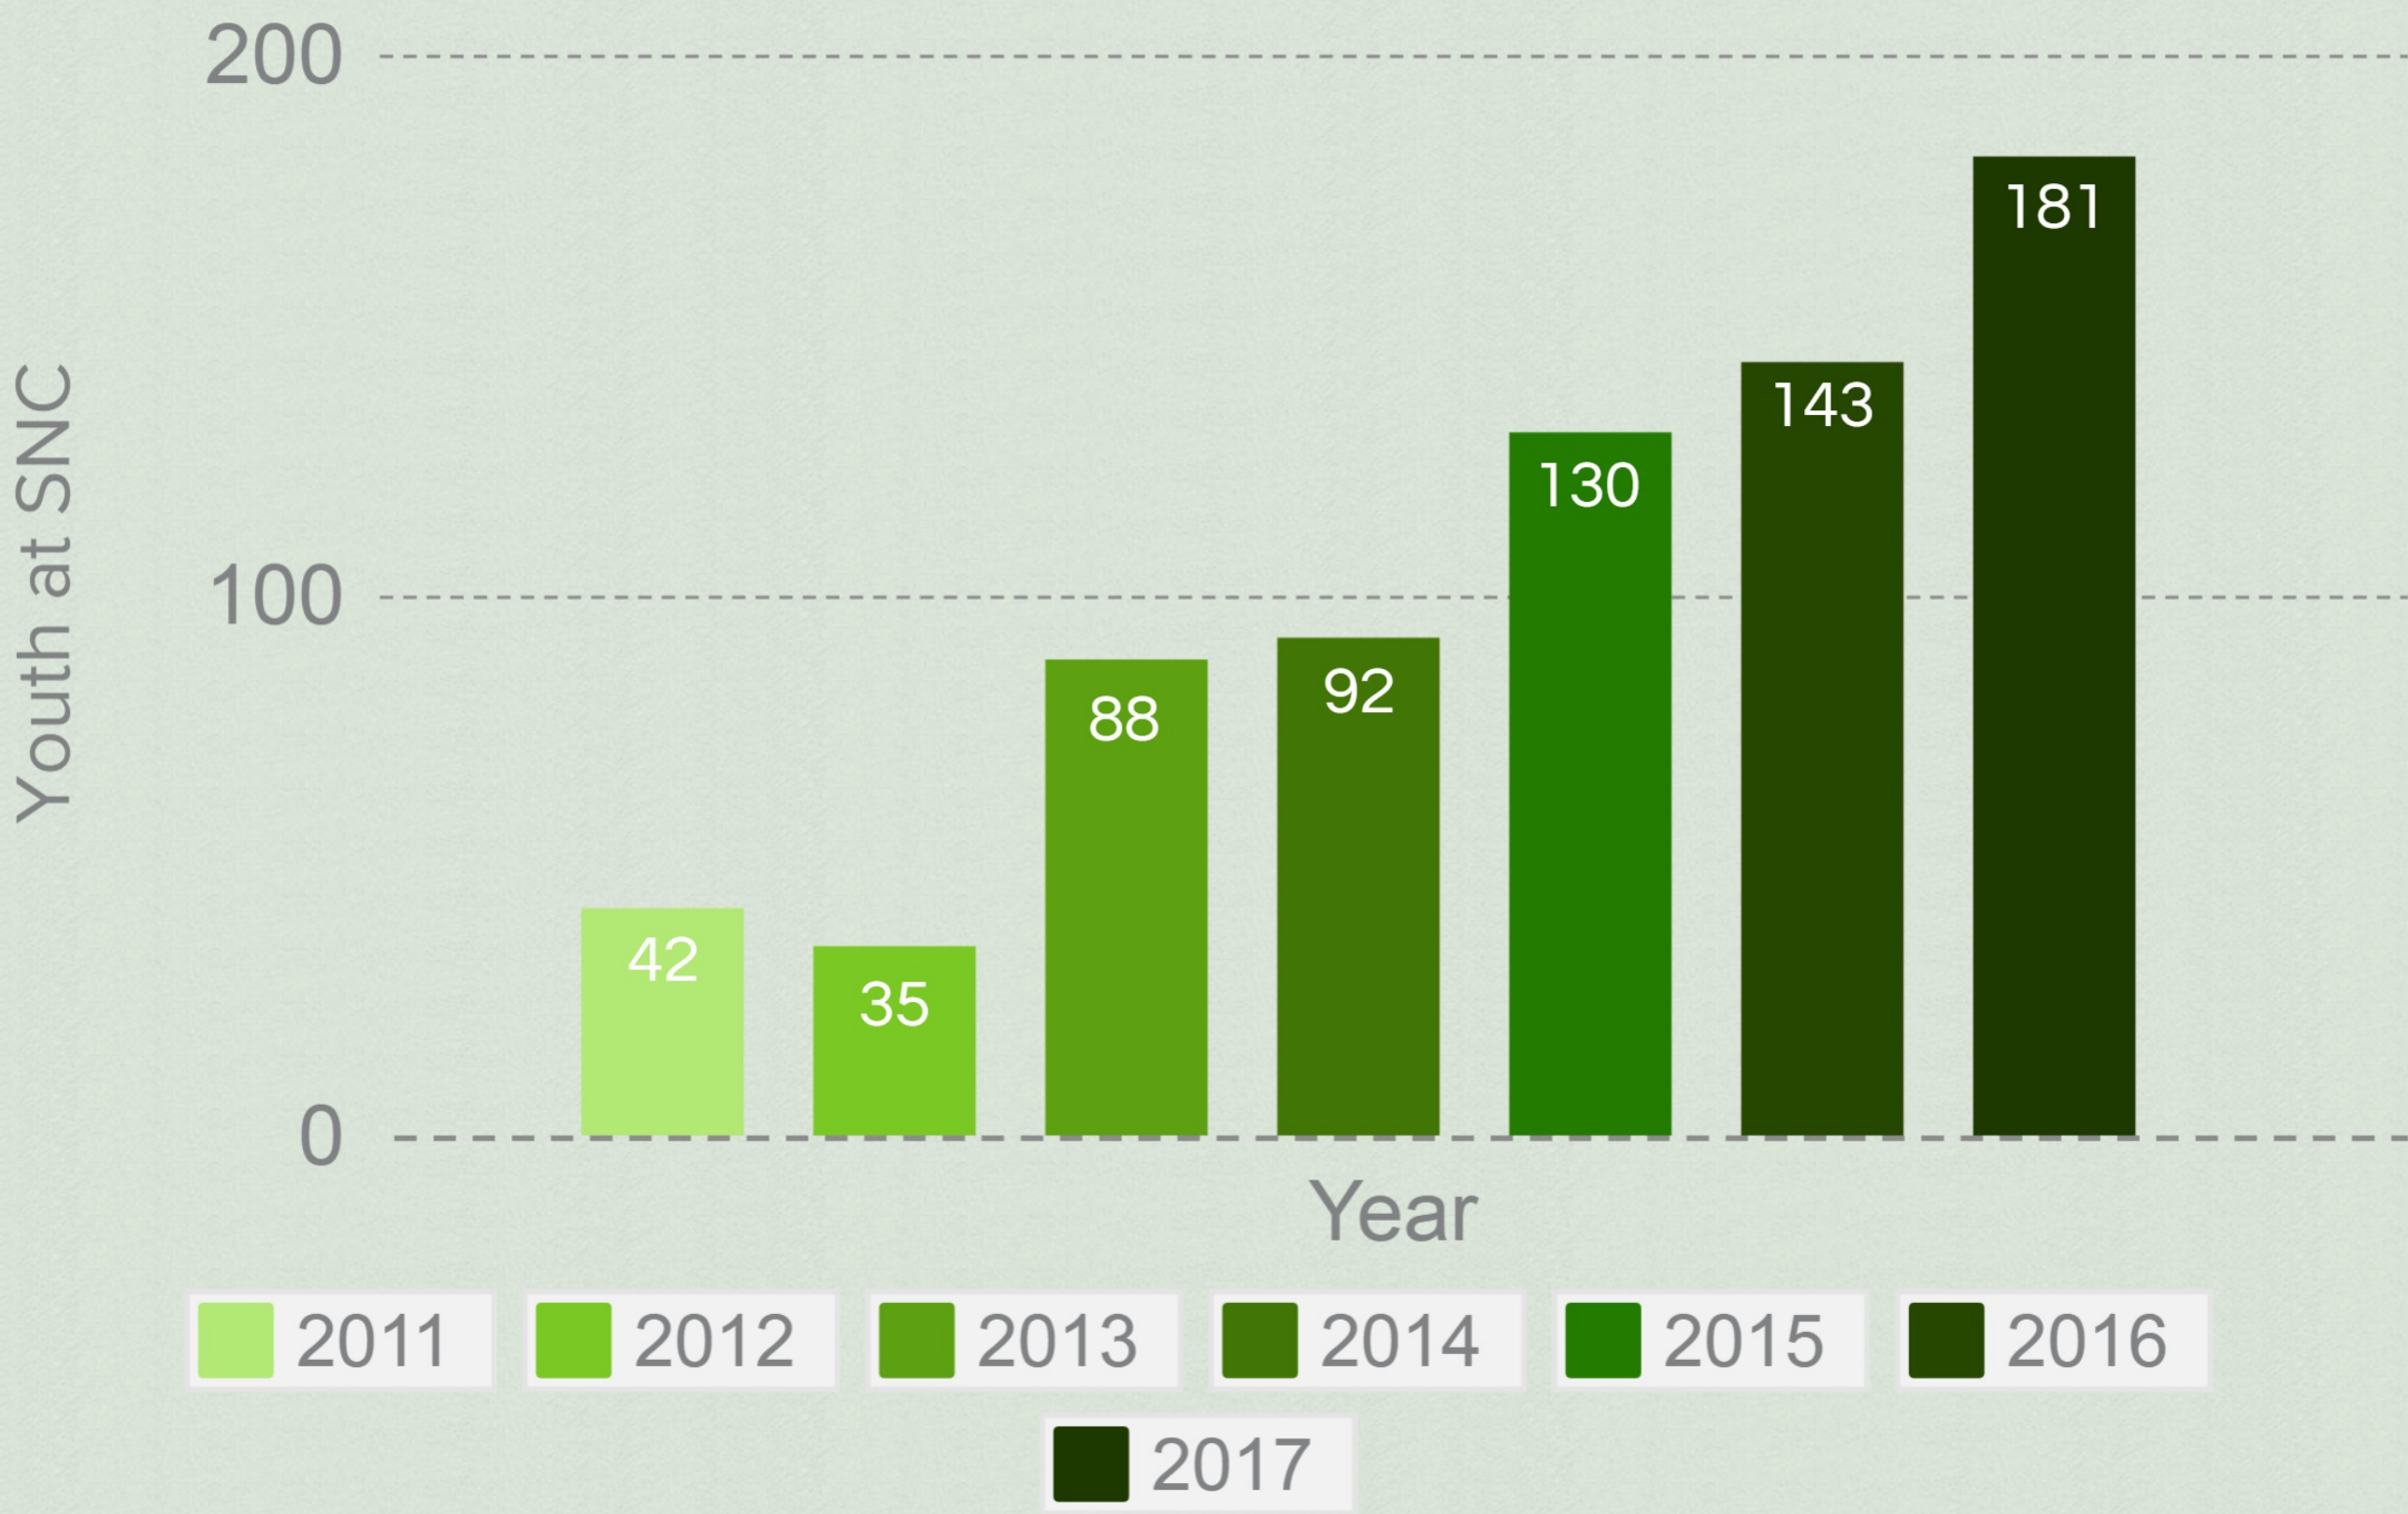

6 different after-school programs represented

History -----

Number of Area Youth at SNC Each Spring Since 2011

Quotes -----

"The kids had a lot of fun. A few even said that they would like to attend the college. One of the 3rd graders in my group said he'd like to go there and study the body."
-Kids to Campus Community Partner

"They loved the food, the greenhouse was a big hit, and a few talked about wanting to go to school here. They also talked about the STEM careers and what they wanted to do in the future."
-Kids to Campus Volunteer
