ENGL 306: Professional Writing

Instructor: Dr. Drew Scheler

Brown County UW-Extension Community Gardens Program
Friends of the Community Garden Fund

Students in this course and Professor Drew Scheler partnered with the Brown County UW-Extension Community Gardens Program (BCCG) to help create an endowment called the Friends of the Community Garden Fund (FCGF) to protect, support, and grow community gardening.

The Brown County UW-Extension Community Gardens Program (BCCG) is a non-profit organization that sponsors 10 neighborhood gardens in the Green Bay area. It's an integral social program in Brown County, but in recent years has been affected by political budgets.

"This work was critical for furthering our professional writing skills and provided space for a necessary social program. It channeled my skills as an organizer and collaborator through a service-oriented partnership with the Friends of the Community Gardens. FCG intends to develop further projects that articulate the multicultural perspectives on community gardening. Our work as a class was not only the starting point for this project, but has set a bar for excellence."
