Turning Responsibility Into Powerful Service

The TRIPS Program offers alternative break trips to help students serve, learn, live responsibly, seek wisdom, and understand differences

"Because of my experiences with TRIPS, I often think about what I can do to treat all people with the same love, respect, and dignity. It showed me the importance of believing that every human life is valuable and that no person should feel like they are unimportant or unloved."
-Danielle Harris '18

14 Domestic Trips, 2 International Trips

117 Participants, 31 Trip Leaders

4,245 Hours of Service Completed

"My experiences with the TRIPS Program have helped me to grow emotionally, mentally, and spiritually. They have challenged me in more ways than one, but I owe the TRIPS Program a great deal of gratitude for providing me opportunities to learn from, serve, and love countless people through alternative break trips."
-Olivia Johnson '18
