# Michels Hall and Residential Themed Communities

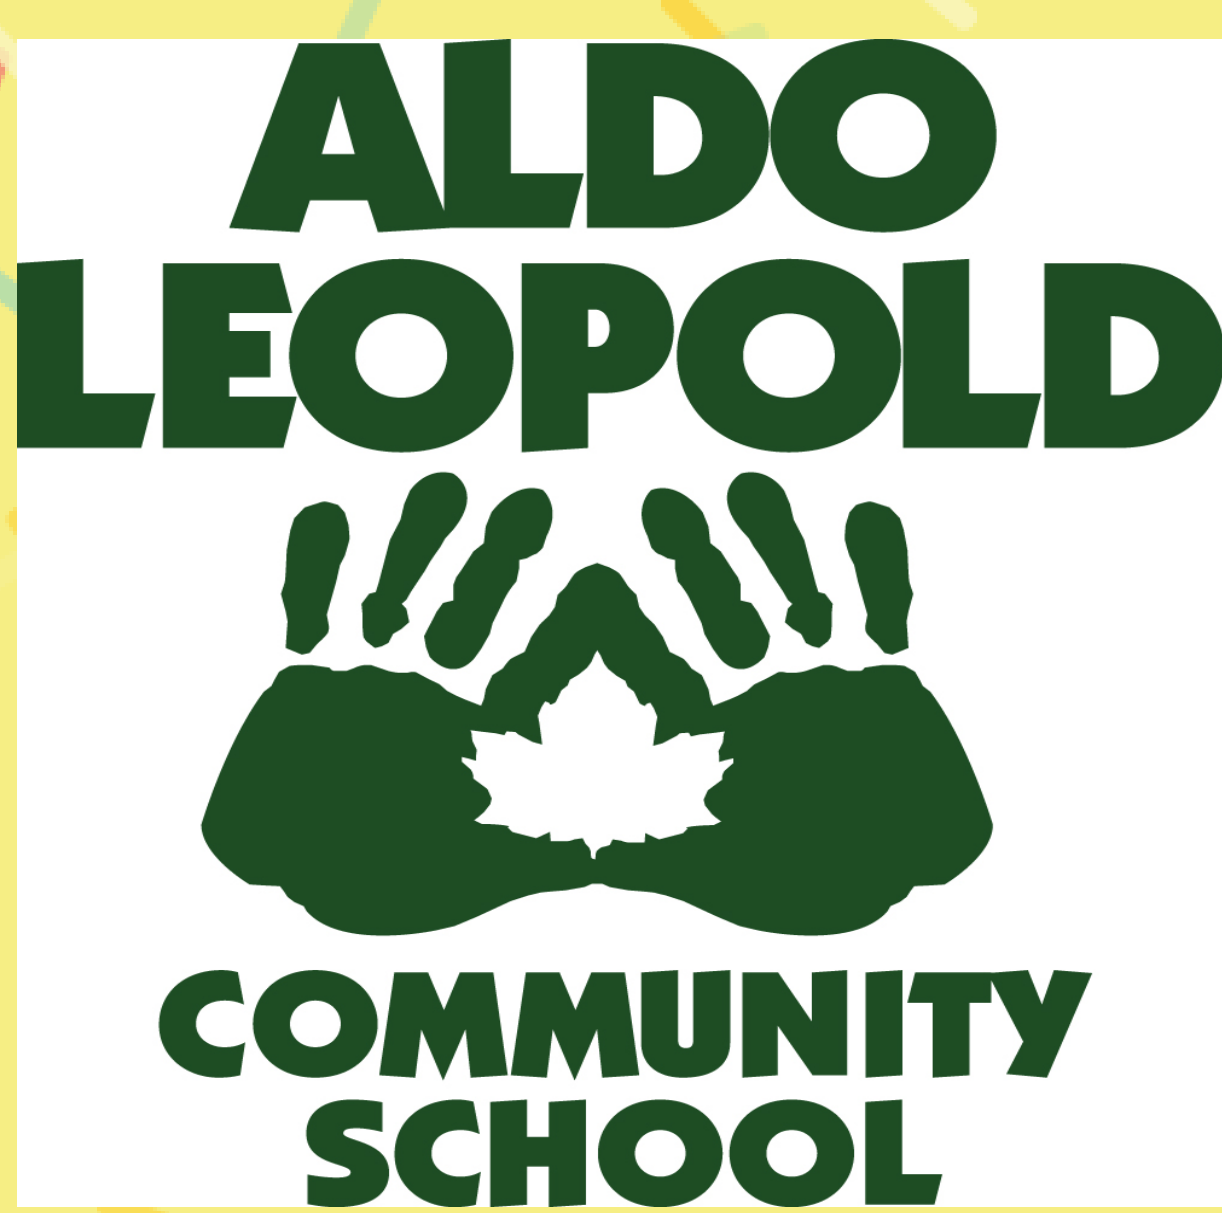

Residential Service Programs give students the opportunity to connect their service in the community to the St. Norbert College campus.

Sophomore groups of 8 are arranged in suites in Michels, and upperclass students in groups of 4 or 5 are in houses or apartments. In addition to their service, students participate in reflection sessions, meetings, and other informational sessions where they discuss their service with their peers, and reflect on their impact in the community.

*Live* ♣ *Learn* ♣ *Serve*
