# Post-Graduate Service

"This year I have participated in a post-grad service program called Amate House, run through the Archdiocese of Chicago. For my service, I am teaching religion at Our Lady of Tepeyac High School in Chicago's Little Village neighborhood. It's been a year of laughter, tears, and overall joy. This experience of living in community and doing full-time service has formed me in more ways than I could have ever imagined. I am beyond grateful for the opportunity to be shaped and molded by new people and communities."

Fiona Holahan ('18)

"I'm currently completing my first year of service at Cristo Rey New York High School. The Cristo Rey network is nation-wide and focuses on preparing low-income students for college. My team and I are essentially involved in working with the kids and making sure the school is able to run properly. The school funds our rent, gives us NYC metro cards, and a monthly stipend for personal expenses. While the hours are long and sometimes arduous, I serve with the intent of positively impacting students' lives. Education is vitally important for creating systemic change and I truly believe in the mission of Cristo Rey. As a volunteer I focus on creating positive relationships with students and dedicating my time to improving the school."

Aaron Waldoch ('19)
