EDUC 130

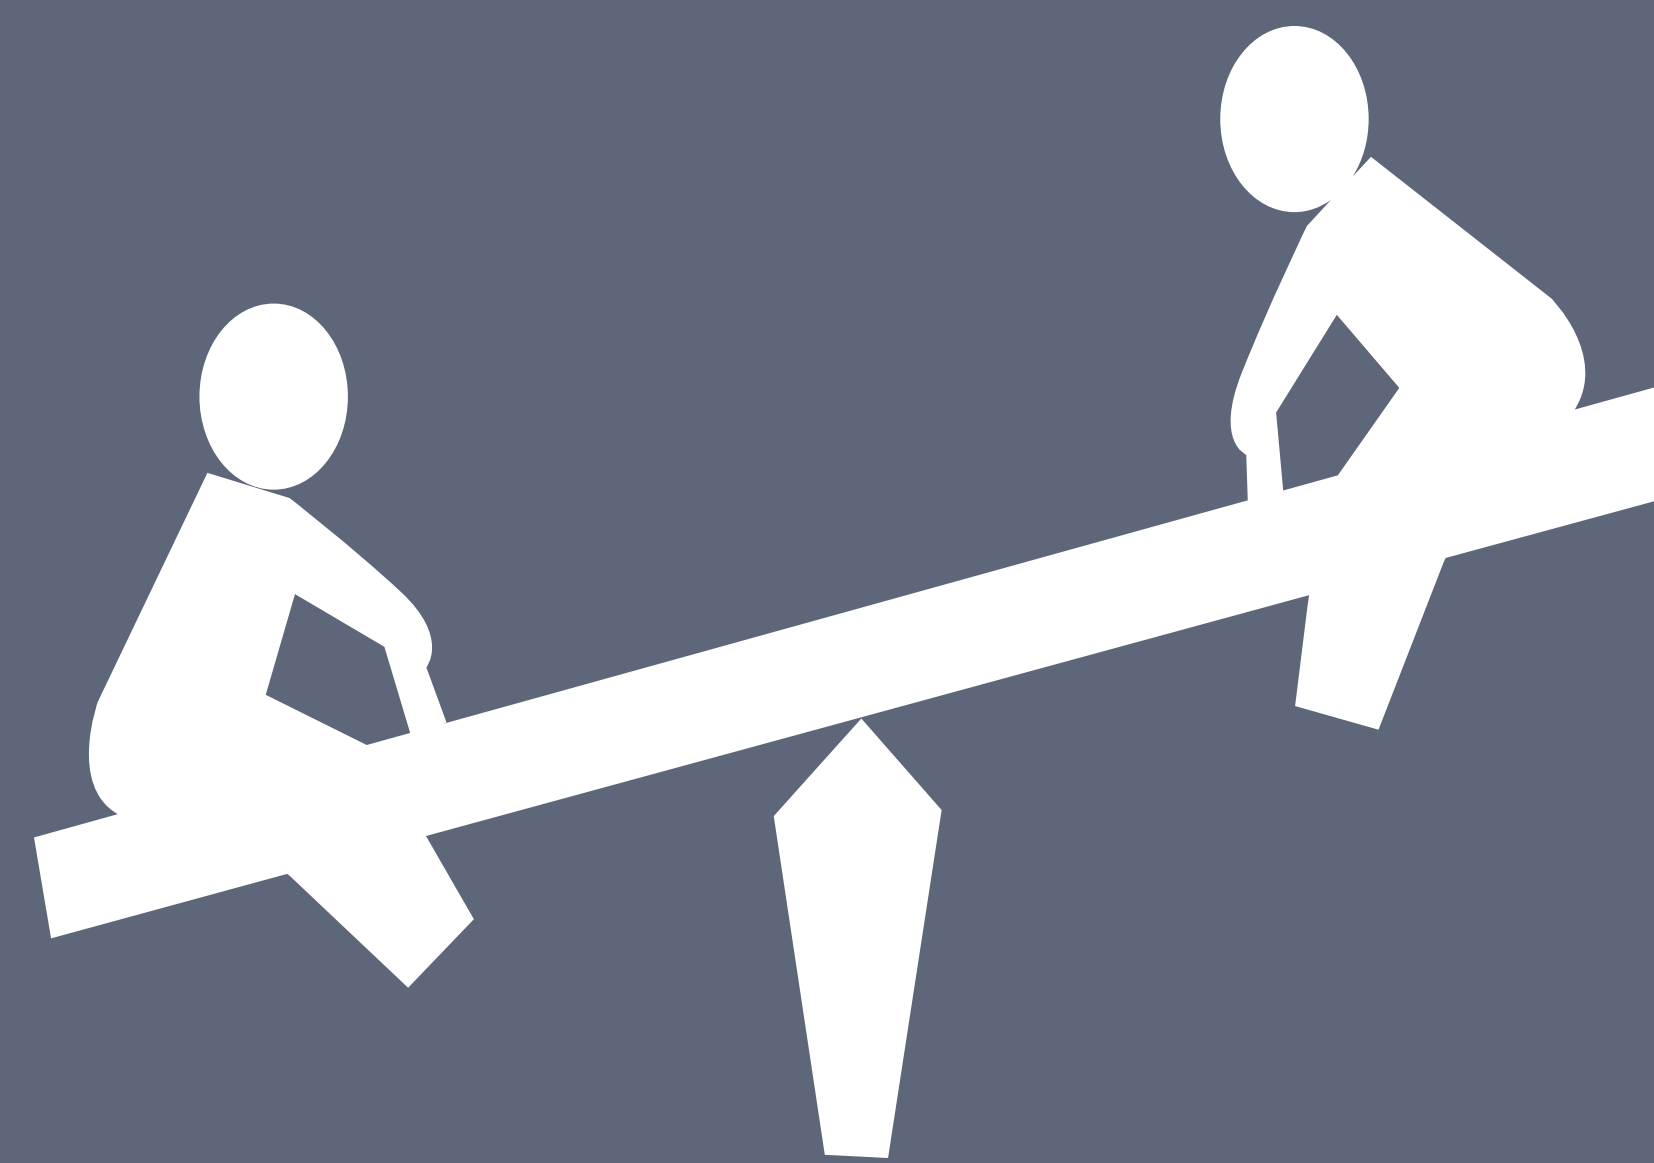

First-year education majors participate in The Village Project through Educational Psychology (EDUC 130) in order to strengthen their teaching skills, while providing under-represented youth with academic support and positive college role models in the hopes to help close the opportunity gap.

Impacted

4255
Hours Served

“ A moment that significantly impacted me during my time at Danz Elementary, was when a student of mine took time to make me a picture that stated "Best teacher ever." This thoughtful gesture reaffirmed my understanding that my presence is truly making a difference in the lives of these students and that the smallest of moments can have an enduring impact. -VP Fall 2018 Student ”
