"The women that I met at Wellspring have been some of the most resilient people I have ever encountered. They enduring tough times with faith, persistent and strength just as I have seen in the stories of women in the bible."

EMPOWERING WOMEN

Students in Dr. Gallagher Elkins' service-learning course last spring, Judaism, Christianity and the Holocaust helped write a grant for COMSA as a part of their course. This fall students from Women in the Bible were able to volunteer with the afterschool program that was funded by the grant.

"The grant amounted \$1000 dollars intended to cover the initial cost for the classroom material of the after school program that we wanted to establish for the kids in the community. Eventually, we won the grant, and it helped us to kick-start the after school program that we now provide for 50+ kids in the community."

-Mahamed R Mahamed, Director/Vice-President, COMSA
